SYSTEM

POOL FILTER

- » 100% Fiberglass.
- » Bobbin Wound.
- » Laminated.

Side mounted sand filter is well designed for private and public pools, with silica sand, classic filtration media, it is ideal and popular choice to make your water crystal.

Features

1. 100% Fiberglass and resin raw materials.
2. With 6-way multiport valve.
3. 100% ABS material for valve.
4. Factory testing pressure 370-400KPA, working pressure 250KPA.
5. Bobbin wound with fiberglass wires.
6. Max temperature of 43°C (109°F).
7. Anti-corrosion and UV-resistant.

Technical Data

Material:
Filer Body: 100% FRP
Plastic: ABS CHI MEI 757
Screws: 304# Stainless Steel
